Minutes of the Meeting

Date and Time	03/04/2024, 11:30 AM
Venue	Jain university FET, Room 102

MEETING ATTENDEES

- Jain university school of engineering and technology, Kanakpura.
- Department of computer science and engineering-Artificial Intelligence and Data engineering(4th semester)-Batch 2022-2026

Agenda

- Understanding SQL data types.
- To Learn the differences between them and their use cases

Objectives

- To be able to use the right data type for the related data.
- To learn the data types and try implementing it in the work scenario

Key Takeaways

- Got a comprehensive overview about the different data types involved in SQL.
- Ability to implement and execute the basic DCL commands and the right data type associated with it.
- This will help us to gain more insights into working in a corporate set up.
